\*Estimated costs only – Actual costs dependent on prevailing weather conditions\*

Please note: Temperature set at 28°C. Pool not shaded. Pool sheltered from wind. Electricity cost \$0.15 Kw/h. Please note heat pump on 6am – 11pm. Pool cover is on from 8pm through to 6am. During winter this will have to be on for longer.

During winter heating you may have to run the water pump for 24 hours depending on the weather conditions.

The above sizing does not take in to account any water table under the pool.

For an independent evaluation of any pool please contact your local representative.
